

The Echo Chamber

...two men...two rooms...

...something splintering through the skin...

"How do you feel?"

"I feel fine."

99 percent of the human body is made up of just six elements...

...something immeasurable

is unaccounted for...

THE ECHO CHAMBER: a new performance from **THE LLANARTH GROUP** interweaving movement, text, and sound to explore "elemental" human matters.

British Theatre Guide: "...easily the most hypnotic piece of theatre I have experienced...O'Reilly's hauntingly poetic snatches of text ripple through the piece..."
